CHICAGO. *Aug 2nd* 1884.

1884.

Dear Eadie & Willie!

Don't think about you
so much. We do had to
get your (Eddie's) card.
I think you must be quite
brave to drive off & get the
wagon fixed all alone.

Hope you will be very
carefull on the 4th & not
get hurt. I see by the
papers that they are to
have a fine time at
Oregon.

Cara is at our house
I expect to have a
nice quiet time at home.

Uncle John & Aunt Julia
Robinson of Braintree Conn.
are to visit at Father Henricks
this week Saturday. Ma Ma

& I may go up someday
next week to find the right place.

George & Alfred & Edwin
Knott started off early Monday
morning to pick cherries at
the best place north of Mt.
Elisono. They were to have
35-¢ per bushel. They
came home about noon.

George had earned 5¢
& Alfred one cent. Don't
you think Muel Hiram
or some neighbor would
like to hire them? I guess
they will pick the cherries at
home & earn some money
there. Mr. Packard showed
the presents that are to be given
to the boy & girl who brought the
most new scholars last Sunday.

Two very nice Stein winding watches.
He will tell next Sunday who
gets them. The girl's watch is about
as big as a half dollar. Write him
every week. Send this letter to Willie after
